

United Church Annual Meeting

The annual meeting of the Carbon United Church was held in the church on Friday evening January 25th 1935, at eight o'clock. There was a goodly number of supporters of the church present. Members from the country were unable to be present, with one exception Mr. James Gordon, owing to the condition of the roads.

The Secretary Treasurer reported for the Board of Managers, showing that all liabilities had been met during the year; that no debts of any kind existed; that the congregation was steadily forging ahead; and that harmony and goodwill prevailed among the people.

The report from the Carbon Ladies Aid showed that while their membership numbered only 15 out to the generous support contributed from outsiders to gether with their own united effort they had experienced a very successful year and were able to help many needy organizations both within and without the church 175 dollars was given to the managers; the taxes on the mass, amounting to over 80 dollars were met by them. The janitor's salary was covered and many incidentals had been having nearly 300 dollars in the bank; an excellent showing indeed.

Due to the condition of the roads no representative was present from Gamble Ladies Aid, and consequently no regular report was given but it was clearly understood that excellent work was being done by them also.

The Sunday School reported a very successful year with an enrollment of 77 scholars and 14 officers. Mr. James Gordon, proved to be an able superintendent and was re-elected to that office.

The W.M.S. reported the sending of 43 dollars to the H. M.

SAMUEL E. PETERS, EMPRESS DISTRICT PIONEER, IS DEAD

Samuel Elemer Peters, 77, pioneer settler of the Empress district, died Wednesday evening at his home in Carbon where he had resided since 1925. A native of Napanee Ontario He married Mary George in 1887 who predeceased him in 1927.

Board in Toronto collected thru "cent a meal boxes", Mothers' Day and minor Sunday School offerings.

Mesdames Brown and Smith, agents for the Bible Society reported forwarding the sum of 23 dollars for the cause to the secretary in Calgary.

James Gordon gave an interesting report on his attendance at the General Council of the church at Kingston and was re-elected by the congregation as Presbyter Representative for another year.

The congregation commended the pastor for his work among them during past five years; asked him to remain with them for the ensuing year and increased his salary to the extent of 100 dollars.

The pastor thanked the people for their expressions of good will and the fine cooperation given him in his work. He gratefully referred to the harmonious spirit prevailing among them and praised the work of the various departments in the church.

The meeting ended with a beautiful repast sponsored by the Ladies of the congregation

A feature of the evening was the performance of the Dionne Quintuplets, the five full siblings, placed the last carload of dirt on the C.P.R. when that transcontinental line was completed to the Pacific coast in 1915. Despite his advanced age he still has a clear recollection of incidents on construction.

Here and There

Employed on railway construction 50 years ago, Thomas D. McGilivray, 82, of Edmonton, claims the distinction of having placed the last carload of dirt on the C.P.R. when that transcontinental line was completed to the Pacific coast in 1915. Despite his advanced age he still has a clear recollection of incidents on construction.

Miss Mary McNeill, superannuated in December after over thirty years on the Upper Lakes as stewardess of the C.P.R. Great Lakes Steamship, spent almost her entire service as chief stewardess of S.S. Keweenaw, sailing with her every season from her maiden voyage in 1908 until the close of the 1934 season.

Portunes are being spent on research in the science of arguments but not one penny for research in the field of diamonants, said Prof. Julian Huxley, famous grandson of the even more famous Thomas H. Huxley, in outlining the meaning and functions of science, its shortcomings and possibilities, at the Lord Nelson Hotel, Halifax, recently.

THE DOMESTIC ANIMALS ACT (MUNICIPALITIES)

Sale and Redemption Of Impounded Animals (Sec. 48)

Notice is hereby given under Section 48 of The Domestic Animals Act (Municipalities) that one roan cow about four or five years old, Brand 135 on left side

Wt. about 700 lbs. was impounded in the pound kept by J. C. Permann located on the N.W. 14 28-22 W. 4, on Tuesday, the 15th day of January, A.D. 1935, and that said animal was sold on the 26th day of January, 1935 to Ben Lang of Carbon and that said animal may be redeemed by the owner or on his behalf within a period of thirty days from the publication of this notice in the Alberta Gazette, upon payment of all fees and costs due to the municipality and the purchaser of said animal.

For information apply to the undersigned.

VICTORIA set for WINTER GOLF FESTIVAL

Golf on sun-shine flooded courses over fairways and greens as spring and smooth as in summer, but with a minimum of rough, is the lure for the seventh annual renewal of the Empress Midwinter Golf tournament to be played over the scenic and championship links of the Oak Bay course at Victoria, B.C., February 18-24.

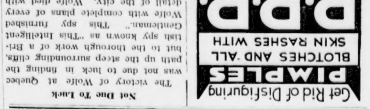

The lure of midwinter golf brings the ardent golfer from all parts of Canada and the United States, not to mention Europe, to compete in this new feature of the tournament, inaugurated seven years ago by the Empress Hotel, Victoria and the Canadian Pacific Railway with a view to telling the world that Canada has in its courses on Vancouver Island, weather conditions that rival those farther south in winter time. There is no lack of rivals and some of them rank high in the world of golf trophies.

The B. W. Beatty Trophy still remains the chief award, but the Victoria Golf Club and Royal Columbia Golf Club also have been helpful in increasing the array of silverware to more than fifty pieces.

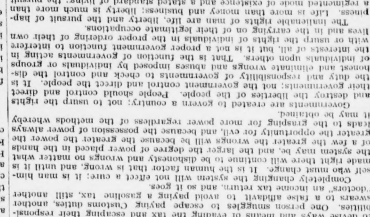

For 1935, the sea-girt, short and tricky Oak Bay course of the Victoria Golf Club has been chosen as the scene of the 7th Empress tournament, with dates February 18-23 inclusive. Lay-Out shows the first green; the B. W. Beatty Cup; the Oak Bay Club House; and the Empress Hotel.

The map in his hands
The Black Forest, or Schwarzwald, of southwestern Germany, has an area of 1,300 square miles. It is a favorite spot for tourists, and derives its name from the dark, dense firs that grow in the region. Chemists have succeeded in color-

of happiness must be left to the individual otherwise he cannot be free to work out his own salvation on his own mind and will of his own, and man must work out his own salvation, and aided by such institutions as he may himself devise things and solve concepts. Politicalians, managers, economists, social workers—all must come to a realization and acceptance of the fact demonstrated by the small boy's life puzzle, namely, that the specific way to put this old world together again is to put man himself together as a Divine Creation intended him to be.

[illegible]

business. Private business has corrupted and bedeviled governments, but we must not have governments corrupted, bedeviled and destroyed private business and made huge and costly blunders. In fact, governments, supported by the people, are more responsible for the present ills of the world than private business. Mr. Roosevelt's business has been forced to adopt unethical even dishonest practices, because his customers have been intimidated if not bribed. The same is true of high participating men elevated to the duties and responsibilities of government. A government adopts a policy in the general public interest. It imposes a tax for the necessary part of the cost of government, and the average man and woman indulged their brains

TOWN & COUNTY

The Red Bus Lines have added a
new Chev. 17 passenger bus to their
line this week. With all the up to
date comforts for passengers and is
designed along the latest lines. This
Drumheller run for the winter months.

Miss Pearl Woodford of Calgary,
arrived in town Monday.

The manager of the ladies club had
a very successful ice carnival on Fri-
day evening.

Bernardo and Mrs. Tom Mac-
donald on Monday, recovery after a
surgery.

The Miss Macdonalds visited their
home in the north.

Mr. and Mrs. M. C. Wilson mothers
Calgary Tuesday.

The curlers have good weather for
the "tournament" which was held on
Tuesday, Wednesday, and Thursday of
last week. They will have the con-
dition to play off when the weather
turns colder.

W. Poxon was a Calgary visitor on
Tuesday.

Carbon sent two more this week
to Toronto, Calgary and W. Poxon and
Gordon Gibson. Two more left for
the Drumheller agent, shipped by
the Poxon and A. P. McKinnon.

Mrs. A. M. Gilliland left Thursday
for her home in Kyle, Sask. after
visiting a relative. Mrs. Gilliland
left for her sister, Mrs. M. Gilliland,
Calgary on Friday. Mrs. Gilliland
arrived in Kyle on Saturday, February 2nd, a son.

THEY ALL DO IT

A hen is not supposed to have much
common sense or tact.

Yet every time she lays an egg she
cackles forth the fact.
The watchman barks and ganders
snort, and doves and pigeons coo.
The peacock struts his tail and
sneezes, plus snort and rolling sing.
And even acrobats know enough to
blow before they utter.
But man, the greatest masterpiece
that Nature could devise.
Will often stammer and hesitate before
he'll advertise.

ENCOURAGEMENT

Somebody has written that to en-
courage talent is to create it. It in-
cludes giving courage, and to give
courage is to impart an accomplish-
ment. Be it to yourself, "I can," or
hear someone say "You can," and
the thing is on its way to be done.

A couple of birds built their nest
near a window of a ranch house in
Mexico; the nest was lovely, little

ones were born in it and the mate
filled the air with joyous songs. The
people of the ranch were happy; also
their harvests were to be fine, and
they, too, went singing all the time.
Then a storm swept the plain, reduc-
ing to nothing the promise of the ranch.
Such discouragement so filled their
hearts that they thought it useless to
begin planting all over again. But sud-
denly a birds song was heard. How
loud the nest fared in the storm! The
people looked and saw neither nest nor
little ones left, but the parent birds
were building a new home in another
tree. A sense of hope flashed through

their minds, they yielded to the en-
couraging example of the birds, and
had a plentiful harvest.
Failure have only the power we
lend them, for in reality God never
fails, therefore, His creatures have not
the power to fail if they keep wide
awake to divine teachings. Encour-
agement is one of the precious ac-
tivities of life and it is an activity with-
in the reach of all. A gentle smile, a
word of appreciation, a kindly deed,
an affirmation of good, are forms of
encouragement. We share the benefit
of encouraging in the same measure
as we share the benefits of all good
deeds.

CHRIST CHURCH, CARBON

Services will be held as follows:
1st and 2nd Sundays in month, 11 a.m.
and 4th Sunday in month, 7:30 a.m.
3rd Sundays in month by arrangement.
REV. R. EVANS in charge.

POINTERS FOR REAL CURLERS

The following interesting sugges-
tions might well be posted in any curl-
ing rink. Curlers and former curlers
would undoubtedly appreciate their
valued significance.

Always be late. This may be your
only chance for publicity.

Never be in a hurry to pay your
dues, the caretaker does not need his
money. If approached by the secretary
tell him that owing to unsatisfactory
weather conditions and a few other
reasons, you have not curled many
games. In sympathy he may cancel
your obligations altogether.

All skids should be exhibited be-
fore the game. You may not need
them, but you likely will.

Sweepers should be careful to fit
profusely across the ice just as the
shot is being delivered. If possible
both sweepers should cross. This forms
what is called "the double cross" and
helps the shooter's eye and the ship-
per's temper. This is done for the
same reason that a chicken crosses
the road.

If a skip misses a shot, the other
three players should collect on the
ice and hold a social grinch. This
helps the skip's next shot.

If a third man is away, the skip
should never move up his men. This
might well give them a swelled head.
Pick the strongest player in the curl-
ing room. The spectators will never
notice.

As soon as the lead or second man
delivers his rock, he should hurry
back to the tee and take up his position
behind the sweeping score. He
may be more valuable there than in
his proper position, as his foot may
stop a rock which would otherwise

THE FIRST REAL CANADIAN MONEY

History relates that Canada, in 1817, "was too poor
to afford the luxury of a metallic circulating medium, and the
development of trade and agriculture was hampered by
the lack of facilities for exchange."

American money, also British and French and some Span-
ish and Portuguese, was used—all subject to fluctuating
rates of exchange and causing monetary confusion. There
was no Canadian money, either coin or paper.

But in 1817, when the Bank of Montreal was started, its
directors—merchants who knew what Canadian business
urgently needed—immediately produced a paper currency
(the Bank's own bills in small denominations) and here-
after copper coins. These Bank of Montreal issues were the
first real Canadian money.

Through 117 years since then, the Bank of Montreal's
money has performed a useful function, as Canadian busi-
ness has grown from small beginnings to its present ex-
tensive proportions. These notes have provided a sound,
dependable and elastic currency, their volume automati-
cally expanding and contracting with the changing demands
of trade.

Notes of the Bank now in circulation amount to
\$55,000,000, or about one-fourth of the entire com-
mercial bank note currency of Canada.

The Bank's resources (\$750,000,000) are likewise about
one-fourth of the total resources of the Canadian com-
mercial banks. These figures indicate the extent to which the
Bank of Montreal participates in Canadian business activity.
